BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

TARIFF FILING OF JACKSON ENERGY)	
COOPERATIVE CORPORATION FOR)	Case No.
APPROVAL TO IMPLEMENT FIVE NEW)	2011-00372
DEMAND-SIDE MANAGEMENT PROGRAMS)	

COMMISSION STAFF'S FIRST INFORMATION REQUEST TO
JACKSON ENERGY COOPERATIVE CORPORATION

Jackson Energy Cooperative Corporation ("Jackson Energy"), pursuant to 807 KAR 5:001, is to file with the Commission the original and six copies of the following information, with a copy to all parties of record. The information requested herein is due within 14 days of the date of this request. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Jackson Energy shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or,

though correct when made, is now incorrect in any material respect. For any request to which Jackson Energy fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

1. Refer to the proposed Electric Heat Pump Tune Up Program tariff.
 - a. Provide cost support for the \$50 program fee.
 - b. Explain how the member fee of \$50 will be accounted for on Jackson Energy's books.
 - c. Will the \$50 fee be used to offset the costs of the Electric Heat Pump Tune Up Program? If yes, provide the type of costs that will be offset.
 - d. Explain how it was determined that the tune-up service would cost \$300.
 - e. If the tune-up service costs more than \$300, provide the name of the party responsible for paying the additional cost.
 - f. Explain the process of how an HVAC technician is selected to perform the tune-up service.
2. Refer to the proposed Electric Thermal Storage ("ETS") Program tariff.
 - a. Explain how the rebate amount of \$500 was calculated.

b. If known, provide the cost to the customer of installing an ETS device.

c. State whether Jackson Energy's wholesale supplier, East Kentucky Power Cooperative, Inc. ("EKPC") has an ETS tariff. If no, explain why Jackson Energy is proposing such a tariff.

3. Refer to Jackson Energy's proposed Button Up Weatherization Program.

a. Explain how the rebate amount of \$20 per 1,000 BTU reduction was calculated.

b. Provide the formula referred to in the "Rebates" section of this tariff.

c. What proof will Jackson Energy require customers to provide that the weatherization was performed?

4. Refer to the proposed Air Source Heat Pump Program tariff. Explain how the rebate amount of \$500 was calculated.

5. Refer to Jackson Energy's Advanced Lighting Program tariff.

a. Refer to the "Purpose" section of this tariff. Explain the meaning of the sentence "[t]his would also include LED exit signs."

b. Explain how the rebate amount of \$213 per kW reduction was calculated.

c. Explain how the maximum rebates were calculated.

6. Refer to all five proposed tariffs. It is stated under the "Term" of each tariff that the program is contingent upon EKPC "being an active participant by supplying most if not all of the funds" that are used to pay either the HVAC technician services or the rebates, depending on the tariff.

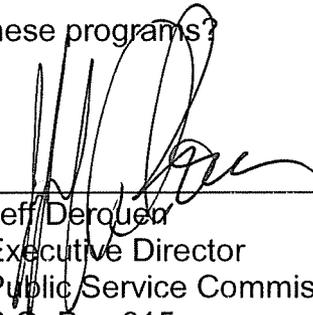

a. Has EKPC given its commitment to actively participating in these proposed programs? If so, provide documentation that EKPC has committed to participate in these programs. If not, what is the status of EKPC's consideration of such participation?

b. Define "most" as it is used in the above quote.

7. Provide the goal or forecasted participation level for each program for the first five years.

8. Provide the detailed estimated costs of administering each program.

9. Does Jackson Energy know how its wholesale power supplier is proposing to recover the funds used to cover the costs of these programs?
